AUSTRIAN PRO TRIATHLETE & CYCLIST

3rd PLACE AUSTRIAN CHAMPIONSHIP TT 2015
AUSTRIAN VICE CHAMPION OLYMPIC DISTANCE 2014

*It is always great to enter
an empty transition zone
after the cycling
and to rack my bike first*

After a great season in 2015, with my first starts in the Pro field at international triathlon races, it is time for the next step in my late started triathlon career. I took two Top 10 places in my first year as a Pro athlete, and in both races I got the title of the fastest austrian female triathlete.

Additionally I took the bronze medal at the Austrian Time Trial Championships. With these big results I could confirm that I belong to the fastest austrian girls on the bike, in cycling and in triathlon sports.

After this awesome season it is my major goal for 2016 to gain the Top,

as a Pro Triathlete and Cyclist.

Now I'm looking for people and companies who believe in me and are willing to **support and sponsor me** to reach my full potential. With your support I can find the right balance between my work as a physiotherapist and many hours of training. With the help of your tailwind we will climb together onto the highest step of the podium.
